

CECO BUILDING SYSTEMS

*If you can dream it, we can build it!*

*Nothing happens unless first we dream.*

*Carl Sandburg*

**Limited only by your imagination –  
Shape your world with Ceco**

Ceco is the premier provider of custom metal building systems, providing customers with planning, design and fabrication expertise that transforms visions into reality.

When you expect the best custom steel building solution possible, call on the professionals of Ceco. Our hands-on approach is your key to success.

# *Exceeding Expectations*

Qualified local builders

Local knowledge

Indispensable experience

Architect preferred –  
“no limits” design philosophy

Quality on any budget

Local materials

Local appeal

Backed by Ceco

*If you have built castles in the air, your work need not be lost; that is where they should be. Now put the foundations under them.*

*Henry David Thoreau*

### **Versatile**

Experience Ceco's ability to meet your specific design requirements.

### **Performance**

Ceco's long-life, quality construction requires only minimum maintenance.

### **Profitability**

Faster design and construction time, with more affordable square-foot construction costs, allow you faster occupancy and lower overall cost.

### **Style**

If you can dream it, we can build it.  
Our message to your architect: "No limits!"

### **Resilience**

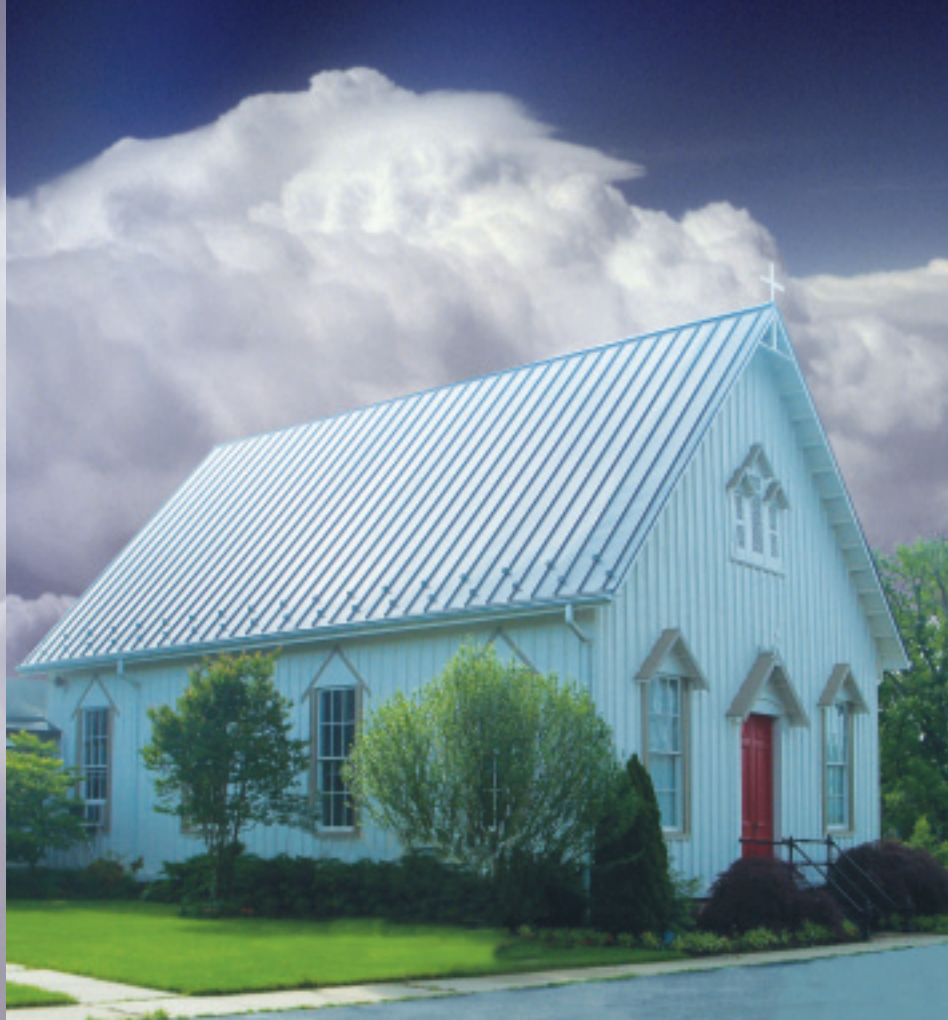

Ceco has more than 150,000 buildings in service, some exceeding 60 years in age.

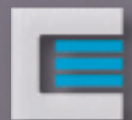

*There is nothing like a dream to create the future.*

*Victor Hugo*

### **Unlimited possibilities**

Your building is more than the image of your business; it is a reflection of you.

## **Ecological**

We speak reflectivity, emissivity and cool at Ceko. Plus, steel is virtually 100% recyclable.

## **Economical**

Compare the cost of initial construction, long-term maintenance, and don't forget your Ceko roof could last you for decades – while you watch your neighbor with a membrane roof apply two or three during the same period.

## **Innovation**

Moving you from dream into reality. It's not a metal building. It is a custom-designed integrated steel structure that incorporates the latest technology that uniquely provides you the form and function your building needs. Every Ceko building is "custom."
