

CECO BUILDING SYSTEMS

MANUFACTURING

Which Attributes Suit Your Facilities Needs?

Functional - designed around your exact process requirements.

Flexible - easily expanded and modified.

Efficient - budget friendly and on time.

Designed to Perform - from IAS certified designers and craftsmen.

Confidence - in Ceco, a 50 year old industry leader and it's local Ceco Builders, The Construction Professionals.

Ceco buildings are designed to meet the exact requirements of your manufacturing process, including overhead cranes, materials handling systems, mezzanine and loading docks. Plus, the speed and economy of the systems approach, along with the discipline it imposes, help to insure that your project will be completed on time and on budget

Ceco Buildings are marketed through a network of 700 Ceco Builders, local contractors that have the training and experience to construct Ceco Buildings that meet your exact requirements on time and within budget.
